PHARMAC is pleased to announce the following amendment to the General Rules of the Pharmaceutical Schedule, effective from **1 October 2020**:

Change (in bold)

2.4.5 Only Medical Practitioners, Dietitians, Nurse Practitioners, **Pharmacist Prescribers** and Optometrists are eligible to apply for Special Authority Approvals (initial or renewal).

Pharmacist Prescribers will need to meet the applicant type criteria of the individual Special Authority in order to successfully apply for a Special Authority approval.

Magnesium hydroxide suspension – New listing

Link Pharmaceuticals has notified PHARMAC that its T&R brand of magnesium hydroxide suspension 8% is out of stock. To ensure continuity of supply for patients in the community, Onelink's Phillips Milk of Magnesia brand of magnesium hydroxide suspension 8% will be listed in Section B of the Pharmaceutical Schedule from **1 October 2020**. This is an unapproved medicine and will need to be supplied in accordance with section 29 of the Medicines Act. Wastage claiming will apply.

Link's T&R brand of magnesium hydroxide suspension 8% (Pharmacode 2575043) will be delisted from **1 February 2021**.

Mebendazole – Supply issue

From **1 October 2020**, Vermox brand mebendazole oral liq 100 mg per 5 ml (Pharmacode 239852) will become fully funded in Section B of the Pharmaceutical Schedule.

De-Worm brand mebendazole tab 100 mg (Pharmacode 2273144) is in short supply. This product will be delisted from the Schedule at a date to be determined once residual stock in the supply chain has been exhausted.

Arrow-Fluoxetine – Delisting

The funded brand of fluoxetine is changing from Teva's Arrow-Fluoxetine to Mylan's Fluox.

Arrow-Fluoxetine cap 20 mg (Pharmacode 2450860) and Arrow-Fluoxetine tab 20 mg (Pharmacode 2450879) will both be delisted from the Schedule from **1 February 2021**.

Danazol – Delisting

The supplier of the Azol brand of danazol, Mylan, has notified PHARMAC that this medicine is being discontinued. No bids were received for danazol in the Tender 2019/20. As a result of this, danazol will be delisted from the Pharmaceutical Schedule with no replacement.
