HOSPITAL MEDICINES LIST RESTRICTIONS CHECKLIST

Use this checklist to determine if a patient meets the restrictions for funding in the **hospital setting**. For more details, refer to Section H of the Pharmaceutical Schedule. For community funding, see the Special Authority Criteria.

| PRESCRIBER | PATIENT: |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Name: | Name: |
| Ward: | NHI: |
| Dornase alfa | |
| or | eing treated with, hypertonic saline biratory admissions in the previous 12 month period al or intravenous (IV) antibiotics in in the previous 12 month period I or IV antibiotics in the previous 12 month period and a Brasfield score |
| CONTINUATION – cystic fibrosis Prerequisites (tick box where appropriate) O Prescribed by, or recommended by a respiratory physician or paedia endorsed by the Health NZ Hospital. and The treatment remains appropriate and the patient continues to benefit to the patient continues to be patient to the patient to the patient continues to be patient to the patient to | |
